

Forward, noble knights of rhetoric!

We will meet at the Festung Ehrenbreitstein for our tournament! There, the most noble warriors from all over Germany will prove themselves in the noble art of debating, and, in the evening, carouse at the feasts.

Yes, that's right, **14 schools** from all over Germany will meet on the **weekend** leading up to the 20th March at the **Jugendherberge Ehrenbreitstein**, to participate in the **Senior League**, the premier league of the **Debating Society Germany** (see www.schoolsdebate.de) and compete against each other in **English Debating**, a discipline from the English-speaking world, and debate against each other.

The first two rounds took place in Baden-Württemberg. Now, Rounds 3 – 5 will be staged. The best four teams will meet for the semi-final and final during the in May at the German Schools Debating Championship 2005.

Besides workshops for pupils and judges, there will also be a report from the German national team, recently returned from the World Championships in Canada.

The 120 participants are very excited,

the horses are saddled,

the armour is oiled,

so let the trumpets blow for the great tournament!
